

Susie's Rooms™

Nice rooms, Nice prices, Nice people to share with.

HMO'S OR HOUSES SUITABLE TO BECOME HMO'S WANTED IN SOUTH EAST LONDON!

We specialize in renting HMO's and large houses on long term agreements and giving landlords certainty of income.

Our team are willing to consider shared houses, old care homes, hotels & pubs with redundant upper floors.

We are looking long leases (5-20 years) on properties in South-East London towns with strong transport links, ideally NRS social grades A1-C1.

Susie's Rooms are able to provide full references and can organize viewings of our current premises on Queens Road and Beckenham Place Park.

If you are an agent looking to let a big property, Susie's Rooms wants to speak to you. We are happy to provide a retainer for introduction to great properties.

Rooms don't have to be dingy!

Sharing can be fun if the landlord is conscious of choosing quality sharers and maintaining a clean property with great facilities.

At Susie's Rooms we aim to acquire properties where all the above targets can be reached.

All of our properties are well decorated with modern furniture, kept spotlessly clean and are professionally managed.

Our utility charges are transparent and modern technology is provided in the form of high speed internet access and Sky TV packages.

To submit a property, call Dean D'Eye on:
